Reminder: Harbor Ave. Closures Set in West Long Beach

Roadwork projects to detour traffic Jan. 15-20

Jan. 14, 2014

Roadwork projects will detour through traffic on Harbor Avenue in West Long Beach south of West Anaheim Street starting early Wednesday and continuing through 6 a.m. Monday.

A repaving project is set for Harbor between 12th Street and Anaheim starting Wednesday through Friday, Jan. 15-17, which will also close part of 12th just east of Harbor, to allow for parking for local businesses.

Then the south half of the intersection of Harbor and West Anaheim will close from Friday evening, Jan. 17, through early Monday morning, Jan. 20.

The intersection work is part of an ongoing project to improve West Anaheim from the 710 Freeway to 9th Street at the western city limit.

Additional detours will be required in the upcoming weekends. At 8 p.m. Jan. 24 through 5 a.m. Jan. 27, connections between eastbound Anaheim and the 710 will be closed. This includes two on-ramps and two off-ramps.

From 6 p.m. Jan. 31 through 6 a.m. Feb. 3, the south half of the intersection of 9th Street and Anaheim will be closed.

The street is undergoing a 14-month improvement project that started in September 2013. The City of Long Beach Harbor Department is overseeing the work to improve the street, which is the northern boundary of the harbor district. In addition to roadway resurfacing, the project includes new sidewalks, bus stops, median, access for the disabled and landscaping.
