

## Port of Long Beach - Clean Trucks Program

POLB Truck Move Data Analysis

Report Period: June 2018

### Overall Summary

Data Date Range	2/18/2009 to 6/30/18
Total Number of Full and Empty Moves to Date	32,216,499
Percentage of Full and Empty Moves Uniquely Matched <sup>1</sup> to Date	92%
Total Number of Full Moves with RFID to Date	17,212,130
<b>Monthly Summary</b>	
<b>June 2018</b>	
Total Number of Full and Empty Moves	366,971
Total Number of Full and Empty Moves Uniquely Matched	360,911
% of Full and Empty Moves Uniquely Matched	98%
% of Full Moves Completed by Alternative Fueled (LNG/CNG) Trucks	3%
Number of Active Trucks <sup>2</sup> Serving POLB Terminals	13,098
Number of Trucks in the PDTR with Access to either POLB or POLA Terminals	17,539

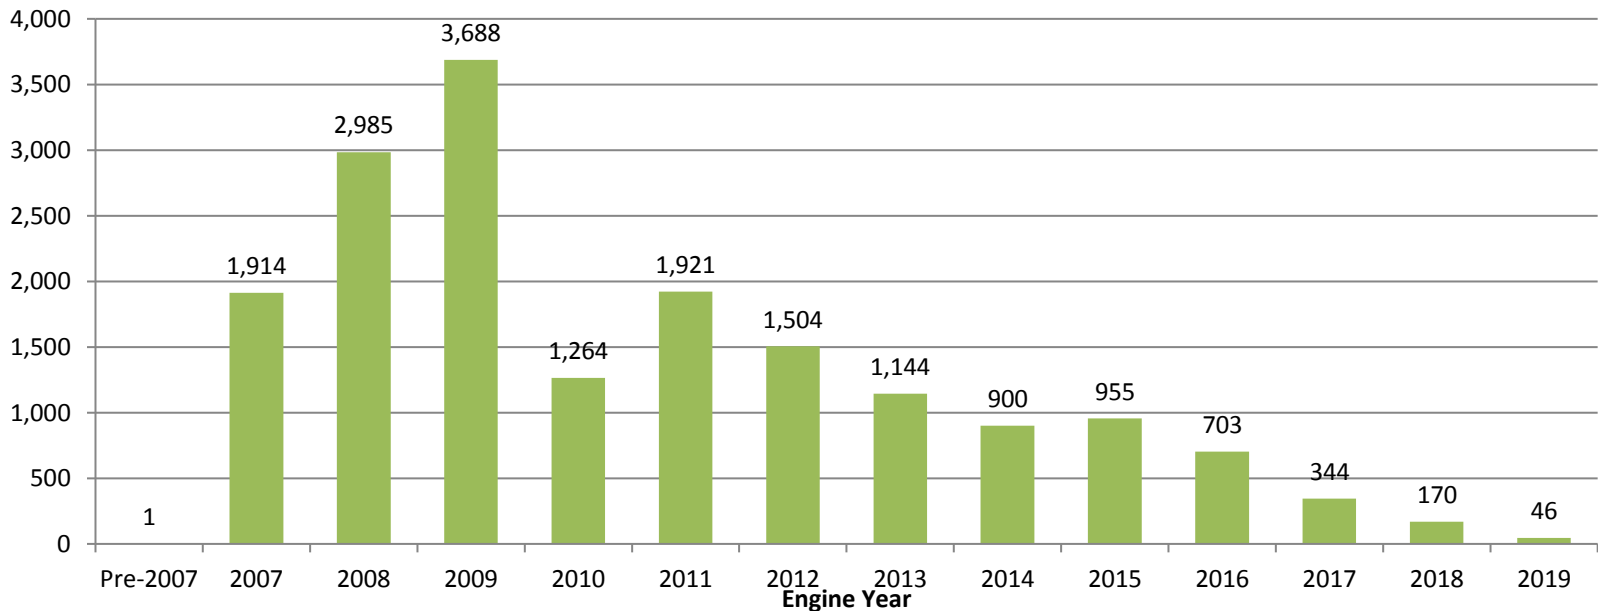

### Footnotes:

- "Uniquely Matched": Number of Full Moves crosschecked with PDTR RFID tag# and eModal RFID tag#. Truck data matches between PDTR & eModal.
- "Active Trucks": Trucks that actually completed a full move during the month.
- "2007 Compliant" Trucks include any truck with an engine year (EY) equal to or newer than 2007 (including 2010).
- Graph: "Number of 2007 Compliant Trucks in the DTR/PDTR":
  - Q3 2009: Decreased # of 2009 EY and increased # of 2010 EY trucks were due to the transition from the DTR to PDTR and improved truck data.
  - Q1 2012: Decreased # of 2010 EY and increased # of 2009 EY trucks were a result of improved EY data for LNG fueled trucks.
